Imagine Centralised
Workflow Solution
• Welcome to your high performance office.
• Forget the manual, go automatic
• Connect with your colleagues
• Print it your way

Imagine a high-speed, high-end A4 Copier MFP that could centralise your printing workflow. MultiXpress 6555NX delivers fast printouts, but with full multifunction features like duplex and copying. And it features Samsung's document management solutions like SmarThru and SyncThru. With this digital solution at the center of your business, you can eliminate your A3 DMFP and maximise your productivity. With Samsung MultiXpress 6555NX, it's not that hard to imagine.

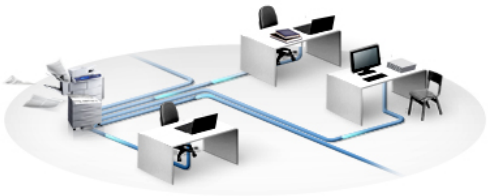
Welcome to your high performance office.

The SCX-6545NX is the high performance sports car of printers, going from zero to 53 A4 pages in just 60 seconds, one of the fastest in the world of its type. And with a color scanning performance of 20ipm, it's your total business solution. There's no doubting the high-octane performance the SCX-6555NX can bring to any office.

Forget the manual, go automatic

With a luxuriously wide 7" colour LCD touch screen, you can figure out exactly what's happening with your print job in a single glance. The MultiXpress 6555NX offers easy-to-execute trouble-shooting capabilities right on screen. Coupled with an intuitive and customisable user interface, you won't have to deal with a lot of downtime. Or upkeep.

Connect with your colleagues



Connect everyone in your office to one network and keep everything running smoothly. They'll share a common printer and you'll save time from servicing multiple machines. And with the Ethernet interface you can increase your performance by hooking it up to the network. Improve your communication skills with the SCX-6555NX laser printer and keep your lines of communication open.

Print it your way

Loaded with unique copy functions, the SCX-6555NX heightens both your creativity and productivity. You can divide your original into full-page portions to create a poster, save time and materials with 2-up and 4-up copying, produce many

Massive monthly duty cycle makes it easy.

Designed to be less service dependent than your typical printer, the SCX-6555NX lets you focus on your job by doing its job — delivering all your documents without fail each and every time, thanks to its unparalleled monthly duty cycle.

copies of an image on one page with clone copying, or print 2-sided business cards.

Network-ready, it can also be shared by multiple users, which lets your staff have the flexibility to print from different desks.

Fed up with paper feeding?

Feel free to multitask while your documents print: the SCX-6555NX will crank through even your biggest print jobs without relying on you for a paper refill. Upgrade the standard 620-page capacity cassette with up to 520-page and 2100-page optional cassettes for even larger capacity paper handling, perfect for all of your bulk printing needs. Sometimes, bigger really is better.

Finally, an easy to use printer

Printer upgrades and routine supply replacements shouldn't take more time from your day than your actual work does. That's why the SCX-6555NX features a convenient design, easily used by anyone in the office. From toner cartridge changes to installation of optional upgrades like slide-in fax modules and finishers, the SCX-6555NX helps you get back to the business of your business.

Simple scanning, no matter where it's sent

Tell the SCX-6555NX where you want your scanned document to go, and then let it do the rest. No more time spent converting scanned files for different uses – the SCX-6555NX knows exactly how to handle your documents for FTP, SMB, fax, email, or printing. Simply scan, then let this multi-functioning workhorse connect and distribute your documents.

Paper Jam

Don't let your productivity come to a halt. The SCX-6555NXfeatures three separate rollers—a pick up roller, forward roller, and retard roller—that work together to pick up only one piece of paper at a time while preventing sticky situations like misfeeds and paper jams.

SmarThru™ Workflow 2

Let the printer do all your communicating. Its time-saving SmarThru™ Workflow 2 feature lets you send paper and electronic documents directly to multiple destinations including email boxes, network folders, and fax machines.

SyncThru™ Web Service

Tired of having to install software just to manage your printer? Now you can change printer settings, upgrade firmware and check your printer's status easily with just a web browser and the innovative SyncThru™ Web Service.

SyncThru™ Admin 5

Who says you can't do it all? SyncThru™ Admin 5 lets you easily install, manage and monitor all your networked digital print devices on an accessible interface. You also have the ability to analyze data in greater detail with easy-to-read reports.

SmarThru™ Office

Stay organised with the SmarThru™ Office. This time-saving solution efficiently captures documents and stores them in folders. It also indexes and bounds them so they can be sent to other destinations or to applications for editing.

CounThru™ 2 Pro / Enterprise

Get printer status without leaving your seat. Receive low toner level warnings, system error notifications and even usage and customer billing summaries with Samsung's proprietary CounThruTM 2 Pro / Enterprise interface.

80GB Hard Disk

The 80GB hard disk helps you monitor and manage jobs, reduces network congestion, and optimises print job retention for confidential and delayed printing.

Expandable Memory

The built-in memory in the SCX-6555N means that it can handle your workload without breaking a sweat. Enjoy fast processing with the standard 256MB of built-in RAM, or upgrade to 512MB to handle even your biggest jobs with ease.

Extensible Open Architecture

Easily develop and install custom applications to meet the needs of your business. Modify the UI with personalised function controls, designs, shortcuts and choose between embedded or web-based print solutions.
